Your Benefits

A Benefit Summary was included with your enrollment materials. This document summarizes what is covered by your plan, as well as what your share of the costs will be.

If you did not receive a Benefit Summary, you can access your full member handbook and other plan tools online with [InTouch for Members](#). InTouch allows you to check on the status of claims, deductibles, and any other limits you may want to track. You can even order more ID cards through InTouch.
