ALTERNATIVE CARE**

Maximum benefit..... \$500 per person per calendar year
 The combined benefit for all treatments, services, and supplies provided or ordered by alternative care providers applies toward the maximum benefit per person in any calendar year. That amount includes, but is not limited to, covered charges for any laboratory services, x-rays, radiology, and durable medical equipment provided or ordered by an alternative care provider.

This alternative care benefit allows members to receive services from the following alternative care providers:

- Acupuncture services of a licensed acupuncturist or physician when necessary for diagnosis and treatment of illness or injury.
- Services of a licensed chiropractor for medically necessary diagnosis and treatment of illness or injury.

Services:	Participating Provider/ Network Not Available Benefit	Nonparticipating Provider Benefit
Acupuncture services	100% after \$40 copayment	Subject to deductible, then 50%
Chiropractic care	100% after \$40 copayment	Subject to deductible, then 50%

Participating Providers

PacificSource’s provider network contracts with acupuncturists and chiropractors so members can reduce their out-of-pocket expense by using participating providers. For a listing of participating chiropractors in your area, please refer to the plan’s participating provider directory or visit our Web site (www.pacificsource.com).

Exclusions

The following treatments, services, and/or conditions are excluded from coverage under the provisions for alternative care:

- Any service or supply excluded or not otherwise covered by the policy.
- Services of an alternative care provider for pregnancy or childbirth.
