INDIVIDUAL FEDERAL ELIGIBILITY INFORMATION

Under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), guaranteed availability of individual coverage means that you are HIPAA eligible, you cannot be denied the right to buy individual coverage. You are HIPAA eligible, also called an "eligible individual," if **ALL** of the following are true at the time you apply for individual coverage:

- You have at least 12 months of continuous creditable coverage without any break in coverage greater than 63 days,
- Your most recent coverage was under a group health plan, a governmental plan or a church plan (or health insurance offered in connection with such a plan),
- You are not covered under another group health plan,
- Your most recent coverage was not cancelled because you did not pay your premiums or because you committed fraud, and
- You are not currently eligible for Medicare or Medicaid.

If you are HIPAA eligible, you will lose your right to get individual coverage without an exclusion unless you submit an application for individual coverage within 63 days after the day your group health coverage or continuation coverage ends.
