

PacificSource Health Plans **Member Guide**

We're Here to Help

At PacificSource, everything we do revolves around taking care of people. That's why we offer quality customer service that you can access by phone or email. Our average hold time for calls is under 30 seconds, based on internal call reports. If you call, you'll talk with a live person—not an automated response system. Or email us, if you prefer. Our friendly, professional Customer Service Representatives will be happy to help you.

Your PacificSource ID Card

Your ID cards will be mailed directly to your home within a few weeks of enrollment. Once you receive them, you can discard any old cards. Please begin using your new card for your healthcare services. When you visit your doctor or pharmacy, be sure to present your card. This ensures they have the correct insurance information.

If you need your ID card before it arrives, you can print a temporary ID card on our secure member site at [InTouch](#). [PacificSource.com](#). You may also access your ID card using our free myPacificSource mobile app. See the "Online and Mobile Tools" section for more information.

If you have any questions or haven't received your ID cards, please contact our Customer Service Department.

Provider Network

Your plan uses a participating provider network to ensure maximum access to providers for all members. Visit [PacificSource.com](#) or call Customer Service for assistance finding participating providers in your plan's network.

Tip: Be sure to select the appropriate network for your area and plan. Your network information is listed on your ID card. You can search by specialty, last name, location, or other details to access a list of providers. Or you can create your own personalized provider directory to download and print.

Outside Our Service Areas

If you live or are traveling outside of Idaho, Montana, Oregon, or Washington, use one of these networks:

- **Alaska:** First Choice Health™ Network*
- **All other states:** First Health® Network

To find providers in the First Choice Health Network or the First Health Network, visit [PacificSource.com](#).

*SmartChoice and Smart Alliance members use this network when traveling in Washington.

Dental Benefits

To see if your plan includes coverage for dental services, please view your plan details on our secure, member site, InTouch, or call Customer Service. For members who have Dental Advantage plans (Idaho and Oregon only), you can save money by using Dental Advantage Network providers. You'll pay your plan's coinsurance at the participating provider (in-network) level. When you visit an in-network dentist, there is no deductible.

For members with Dental Advantage Essentials plans, you're only covered when you see a provider who participates in the Dental Advantage Essentials Network.
